

44018 Medium Duty 4-Post Lift

- Superior lifting system features high tensile strength leaf chain and sealed roller bearings for maximum reliability and productivity
- Heavy duty cylinder provides optimum lifting with minimum downtime and minimal maintenance
- Single point lock release allows techs to disengage all column locks simultaneously
- Diamond plate anti-skid runways and ramps for positive vehicle traction
- Adjustable runways to accommodate tread widths of a variety of medium sized transit vehicles (rolling jack application requires fixed runways)
- Built-in runway rail system provides convenience for optional rolling jacks & oil drain pan

Model# 44018
Heavy-Duty 4-Post Lift
18,000 lb. capacity

continuously engaged mechanical lock system for increased safety (Alignment Rack models feature single point air lock release)

heavy duty chain lift and sealed roller bearings for maximum reliability

offset flared column design provides rigidity and stability

Model Number	44018	44018E	44018AR
Lifting Capacity	18,000 lbs		
A Length Overall	21' 4"	24' 4"	25' 11 1/2"
B Width Overall	11' 6 1/8"		11' 9 1/2"
C Inside Columns	121"		122"
D Between Columns	204"	240"	204"
E Height of Columns	102 1/2"		
F Height of Runways	7 1/4"		11 7/8"
G Width of Runways	22"		
H Between Runways	36" - 54"		
I Max. Wheelbase	194"	230"	236"
J Rise Height	78 3/4"		83 3/8"
Motor	3 HP		
Voltage (1 Phase Std.)	208v-230v		
Speed of Rise	60 sec.		
Amps	30
